

Helmets Worn by German War Lords on Exhibit at Methodist Centenary Celebration

THREE helmets, absolutely guaranteed to have been worn by the former Kaiser William of Germany, Von Bethmann-Hollweg and General Ludendorff, will be on exhibition in Columbus, O., as a part of the Methodist Centenary Celebration, June 20 to July 12. They were brought out of Germany during the revolution by Lowell Thomas, world traveler and explorer, whose travels will be given in Columbus as a feature of the celebration.

Leading Lady in 'The Wayfarer' at Methodist Centenary Celebration

MISS HELEN NEWITT, dramatic lyric soprano, will be the soloist in 'The Wayfarer' at the Methodist Centenary celebration in Columbus, O., June 20 to July 12.

Nearly 1,000 costumed characters will appear in the majestic religious pageant which will be presented every evening during the celebration in the Coliseum at the exposition grounds. The Coliseum boasts of the largest stage in America and seats 8,000 persons. A seated chorus of 1,000 trained voices will augment the effectiveness of the pageant.

LEGION FILES ITS ARTICLES

State Veterans' Body Receives Charter Movement Is Formally Launched

Louisville, Ky., June 9.—(Special)—With the filing in this city of Articles of Incorporation of The American Legion of Kentucky, the first formal step in the formation of a great association of veterans of the world war in this state was taken. At the same time, Judge Henry DeHaven Moore, Temporary Commander, following a meeting of the State Executive Committee, announced that Kentucky has received its charter from the National Executive Committee of The American Legion and that the state body is now in a position to receive applications and to issue charters to local posts whenever they are formed.

As the various local organizations formed at Commander Moore's request, are awaiting detailed information before actually forming posts, Judge Moore has announced that a pamphlet, containing the Articles of Incorporation, 'State Constitution', By-Laws, and organization directions, generally, outlining all steps necessary and giving all available information of the Legion, is now being prepared and will be promptly distributed to all district and county organizations and veterans belonging to the temporary organizations, or to any other veterans on request. However, the formation of posts will not necessarily await this information, as at fifteen veterans, eligible to membership under the constitution adopted at the St. Louis National Caucus last month, may band themselves together by signing the approved form and thereby apply to the Temporary Commander for a Charter, to be issued under special authority received yesterday from the National Commander. It is desired, according to leaders here, that sixty per cent of the members be former enlisted men.

Filing of the Articles of Incorporation elicited much favorable comment in this part of the state, as the articles embody the broad sentiment of policies embraced in the preamble of the National Constitution. One of the striking clauses in this preamble is "to foster and perpetuate a 100 per cent Americanism," a declaration which is backed up by the stirring action taken at St. Louis when a local W. W. W. representative narrowly escaped being thrown bodily from the convention hall. Another clause reads "to make right the master of might." One of the incorporators is a former Brigadier-General, Roger D. Williams, of Lexington. Another is Moses L. Soskin, of Louisville, who was private and who, at the age of 37 volunteered, went to France and came home with a wound stripe. All branches of both the military and naval services are represented among the incorporators and those associated with them. Whether they served at home or abroad, an Advisory Committee will hereafter be appointed by the Commander. The State Commander has expressed his purpose to proceed slowly and carefully in its organization, and this announcement reflects the judgment of his advisers and associates.

A BILL

To authorize the Secretary of War to furnish a German, Austrian, Bulgarian, or Turkish cannon, with carriage and suitable outfit of shells, to the city of Mount Vernon, Kentucky.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Secretary of War be, and he is hereby authorized to furnish or donate to the city of Mount Vernon, Kentucky, a German, Austrian, Bulgarian or Turkish cannon, with carriage and suitable outfit of shells, the same to be placed in the courthouse yard, public park or other suitable place designated by the War Department in said city.

The above bill was introduced in Congress by Representative, J. M. Robison.

SUGGESTIONS TO SHIPPERS OF HOGS DURING HEATED SEASON.

I desire to call your attention to the suggestion from Mr. O. B. Livingston, of Madisonville, Kentucky, as to how he has been able to reduce shrinkage on hogs when shipping during hot weather. He stated: "Three times during the heated term of this summer, in car load lots, I have reduced the shrinkage at least 50 percent by the simple expedient of placing in each car with the hogs, three 100 pound cakes of ice, upon the floor of the car at equal intervals. This ice costs 50 cts per 100 pounds and \$40 or \$50 per car can be saved by its use in preventing shrinkage in the weight of hogs."

Try this simple suggestion for what it is worth. It may save you many dollars.

CUT THIS OUT AND TAKE IT WITH YOU.

A man often forgets the exact name of the article he wishes to purchase, and as a last resort takes something else instead. That is always disappointing and unsatisfactory. The safe way is to cut this out and take it with you so as to make sure of getting Chamberlain's Tablets. You will find nothing quite so satisfactory for constipation and indigestion.

MEMBERS of both Senate and House who have been advocating permanent government ownership of railroads are now beginning to "draw in their horns" a bit, due to the disclosure of figures showing how some of the taxpayers' money has been spent and is still going out to the railroads in a seemingly never-ending stream. Some surprising figures have been dug up by the investigating committees. In the Senate it was brought out that there are 150,000 more employees on the payrolls of the railroads under government management than there were before, so naturally the question is asked as to how many more there will be if Uncle keeps the train wheels turning for years to come. When the railroads were first taken over, the idea was to cut out the high salaries of railroad presidents and other high rail-

road officials, and the talk was all toward economy; but among the figures that have come to light it is shown that on the staff of the director general of railroads there are five officials who get \$50,000 a year each, two who receive \$40,000, and so on down through \$35,000 to \$10,000 yearly; some seventy-two officials, who draw nearly \$1,500,000. These figures startled Senators when comparison was made with the amount received by them in salaries. Undoubtedly the pruning knife will soon be cut deep into the operation of the railroads, unless all signs at the Capitol Building fail.

In response to widespread criticism, the War Department has at last yielded to the clamor that the public be given a chance to purchase the huge meat surplus bought for the use of the army, but now no longer needed. Circular letters are going out to every canned goods and meat dealer and to all State, municipal and charitable institutions, offering the 143,000,000 pounds of canned meat now on hand. Individual are to be permitted to purchase small lots at the supply stores in Chicago, Baltimore and Columbus, Ohio; also at other places where the surplus is stored. It was the original idea of the War Department to keep this meat off the market so as to prevent a break in prices, but the storm of protest, finally led by Senators and Representatives was too strong, and now the public is to benefit.

The only thing that the political enemies of Gov. Jas. D. Black can find to offer that he should not be elected Governor in November is that he asked the L. & N.R.R. to give Bill Tye a pass over their lines. Say he did it and what of it if he did. He did no more than hundreds of other men connected with the railroads in similar capacities have done. The Carroll Stanley bunch, like the drowning man, are grabbing at straws. The daily mistakes of that corrupt political bunch, are not to be compared to the single mistake of a life time of

James D. Black, if he made the mistake which his enemies would have the people believe he has made. The vote will tell whom the people believe has made the grievous error.

Salvation Army Drive

Work for the Home Service Fund of the Salvation Army will start promptly, in fact has already begun, an organization for the drive, with some of the best men and women of the county in charge having been perfected. News from the State Headquarters at Lexington, where Colonel I. Sobel is in charge of the State Campaign, is to the effect that the outlook for Kentucky going over the top is excellent and that this worthy organization will be given the needed funds to look after the wants of returned and returning soldiers as well as they looked after the fighting men at the front in Europe.

Sunday, June 23, will be Salvation Army Sunday in churches of Kentucky, the ministers having been asked to preach at that time on the work of the Army at home and what it did for the soldiers abroad. The next day, the drive for the Home Service Fund actually starts and it will be completed Monday, June 30.

With the problem of establishing boozeless saloons where there is any demand for them, finding work for unemployed soldiers and others who may want work after the saloon has passed out, there will be plenty of use for the fund to be raised in this drive and Commander Evangeline Booth and her co-workers at the head of the Army are sufficient assurance that it will be properly expended.

The organization in this county is composed of the following well known men:

Dr. M. Pennington, Chairman, Judge S. D. Lewis, V. Chr. V. C. Tate, Treas., C. C. Davis, Secy., S. F. Bowman, Scout Leader, all of Mt. Vernon, Ky.

"I WAS there—at Verdun—in Octo-
ber, 1918—and the Salvation
Army was my best bet.

"We'd been in the front line 36 hours.
We had moved so fast our kitchens
were lost and had no 'chow.' 'Zero
hour' was set for 5:30 next morning.
We 'went over,' and after three hours
in No Man's Land a machine gun bullet
got me in the leg.

"Litter bearers of Co. I, 127th Infantry,
picked me up. On the way back, before
we reached the first aid regimental
dressing station, they put the litter on
the ground, just behind our old front
line, and a Salvation Army man gave
me doughnuts, good hot coffee and
cigarettes. And, let me tell you, high
explosive and gas shells were falling
mighty thick around us!

"It was the first food I'd had in 39
hours. The pain was fierce, and I was
bleeding a lot. The doughnuts, coffee
and smokes did more than simply put
new life into me. The Salvation Army
was my best bet.

"As I lay on the litter waiting for the am-
bulance all I could think of was how good the
coffee and smokes tasted—my own tobacco
was too bloody to smoke.

"All of us knew the Salvation Army was
behind us. They were real folks, and we
knew we wouldn't have to ask for help if
we needed it. We knew we could count on
them, and believe me, it kept up our spirits.

"I sure wish I could get out and root for the
Salvation Army and tell you about them in-
stead of writing."

If you are interested in whether or not there should be a new Christian Church building in Mt. Vernon come to the Masonic Hall next Wednesday evening and say so.

If we appreciate what the Salvation Army did for our boys at Verdun, in the Argonne Forest and at the battle of the Marne, we should show that appreciation by contributing liberally to their home service fund.

Miss Margaret Fish entertained Monday evening from 6 to 10 at the beautiful country home of her parents, Mr. and Mrs. G. C. Fish, in honor of her fourteenth birthday. It was a most pleasant evening for the young folks present. Games and horse back riding were enjoyed fully. Delightful refreshments were served and closed with a hay ride home through the courtesy of Robert Fish and chaperoned by Mrs. Fish.

Mt. Vernon is not the only place that stock sales have been slow during the past month. At Stanford two weeks ago nothing sold, and Lancaster and Richmond sales are reported equally as bad. In the Blue grass many of the pastures have been plowed up and pasture is hard to get and the cheapest that any can be had is \$3.00 a month. This condition, accounts for the slow sale of cattle at this time. June, July and August are the worst months in the year for cattle, but the slow sale is due largely to pastures. Uncertain futures may be playing a hand as well as the pastures.

SLOW SALES:—The crowd present at the sales of Rockcastle Stock Pens, on last Monday was plenty large enough, the number of buyers present were a plenty and the number of head of stock, good stock too, ran into the hundreds, but the sales were few and far between.

Those who had stuff for sale did not seem very anxious to sell and those who came to buy cared less whether they bought. On hogs the demand was very good. T. W. Jones, the Stanford stock dealer, bought of McKenzie & Davis a car load of good feeders at a good price, but cattle there was no demand and save a few deals between local traders and farmers nothing sold. One extra good 600 pound heifer sold for gets.

Next week will be the drive that will decide whether this county will respond to the Salvation Army call or not. There is going to be an effort made to raise the full quota. The people generally will have an opportunity to assist in raising this money. There will be doughnut sales put on at several churches throughout the county, this giving the young women an opportunity to try their hand at making doughnuts and offering same for sale at public auction. All the soldiers in the county who have been overseas are requested to attend these sales. There will be opportunities for the soldier boys to get together and sing the war songs. We hope those who have copies of the war songs will bring them to these meetings. We want to say that we have the greatest confidence in our county being able to raise its full quota. Our people have responded so generously to every call, that we are sure they will not fall down on this religious organization.

The Rhoda Royal Shows have come and gone and the truth of the matter it was almost a failure. Some one once made the assertion that the American people liked to be bugged, and if that is what they are after, a great many folks in Livingston can feel satisfied.

George Sowder is moving his family to Decoursay, Ky.—Mrs. E. L. Cockrell has sold her store house on Main street to J. W. Baker, Jr.; price not learned.—K. B. Gold has returned from Lexington, Ky., where he went on business. J. A. Oliver, of Berea that hustling salesman, was with our merchants Saturday.—Mrs. Margaret Rice, of Bond, Ky., has returned home after a few days visit with Mrs. C. H. Rice.—W. N. Riggs was in Corbin, Saturday on business.—David Smith, who had the misfortune to cut his hand a few days ago, is slowly improving.—Mr. and Mrs. W. R. Ward, of Ravens, are here visiting relatives.—Sam Ward, of Chicago Ill., is here visiting his mother, Mrs. Sam Ward.—T. J. Singleton, is moving his family into the property vacated by George Sowder, on Walnut street.—Mrs. F. Disbon, of Stanford, is visiting her mother, Mrs. Emma Jones this week.—Mrs. E. L. Cockrell was in Mt. Vernon, Tuesday.—J. L. Hughes, of Corbin, is visiting relatives here this week.—Richard Mason is moving his family into the property that he purchased from Dr. R. G. Webb, on High street.—Emmet Quinn went to Louisville and brought back a new car. He is getting ready for the pike, we judge.—Mr. and Mrs. W. M. Langford have returned home from Mt. Vernon, where they have been visiting Mrs. Langford's parents, Mr. and Mrs. Neal Parrott.—E. A. Chilton, to whom the contract was let to build the grade up the river, is here moving the tools to the scene of action and work will start in a few days in earnest. Oh, you Mt. Vernon, we will get even with you yet.

We are the last to get our part of the road but it is better to be last than not at all. The good book says "the patient shall be rewarded", and surely we have been so.—One week from today Thursday will bring the big reunion and as this is the last appeal we will make, everybody is cordially invited. Come, let's have a big time.—Mullins & Quinn, our new merchants, were in Mt. Vernon, Monday.—Mrs. I. W. Catlin and son, of South Louisville, are visiting her parents, Mr. and Mrs. W. G. Niceley.—Mrs. Robert Griffin, of near Mt. Vernon, is with relatives here this week.—Next week is the date set apart for the Salvation Army campaign in this county. Rockcastle is asked to raise \$700, and Livingston is asked to raise \$150, of this amount. We understand that the Salvation Army is a religious organization and they want all to belong to some church and they don't care what church just so you are a Christian. The money to be raised is used in various ways; viz: to care for orphaned and neglected children, to buy medicines and foods for the poor and needy and lots of other things too numerous to mention. We wish to say to the people of this county you did your part in the world war, now lets go over the top for the Salvation Army. Just ask any of the boys from over seas what they did for them and they will answer everything that was possible, even to risking their lives. Let's show them that we appreciate what they did

for the boys by going over the top in this campaign. So in conclusion we say, get busy. C. H. Rice has started his saw mill and is cutting lots of lumber.—Mrs. Wm. Bogart and Mrs. Nancy B. Lung, of Cincinnati, Ohio, are visiting Mrs. C. H. Rice this week.—Mrs. Sam Hellard, of Ravens, is visiting Mrs. N. H. Oliver and other relatives here.—Atty. J. A. Owens, of Mt. Vernon, is here on a fishing trip. This is the second trip he has made and from what we can learn he has "never got a bit."

CHURCH BANQUET.

The congregation of the Christian Church will meet, in a get-together meeting, in the Masonic Hall, on Wednesday evening, June 25th, at eight o'clock. The ladies of the congregation will serve a lunch without charge. The topic for discussion will be, Shall we have a New Church? Where shall we build it? How much shall it cost? It is very important that each member of the official board and each active member, friend and supporter of the work of this congregation be present.

A big new discovery in cigarette blending

The big thing about Chesterfields is their unique blend. The Chesterfield blend is an entirely new combination of tobaccos. It is a most important development in cigarette making.

As a result, Chesterfields deliver a new kind of cigarette enjoyment — just like a "bite" before bedtime when you're hungry — they SATISFY!

It took the finest selections of TURKISH and DOMESTIC tobaccos and no end of skill and patient experiment to get this blend right.

Was it worth it? Say — just smoke a Chesterfield fresh from the moisture-proof package. You'll say it was worth it, all right!

What Goes Into the Well Comes Out in the Bucket

And it is the same with men's and boys' clothes. You get out of them exactly what has been put in them — nothing more.

Cheap linings, poor tailoring and cotton fabrics will show up in the wear, and, of course, that isn't going to make you very happy.

All of this is just another way of telling you that when you are out for a good suit or anything worn by man or boy you ought to come to FISH'S for it.

We can't give you something for nothing.

We can, however, give you the best men's and young men's suits at \$15 to \$20, and boy's suits \$5 to \$20, that you have ever laid eyes upon. We call them

FARMER'S COMMUNITY MEETING.

Since it has been definitely decided that Rockcastle is to have a Farmers Community Meeting July 14, 15, 16, we are very anxious that this meeting be a grand success. We want the wide awake farmers from all sections of this county to attend every session, and it has been decided to have a drawing for one Duroc pig, subject to registration at 5 o'clock each afternoon. This will be arranged for a perfectly fair deal and every one in attendance at the afternoon sessions will have the same show to receive this prize. We hope by this method to increase the attendance, and at the same time create a more general interest in thorough bred hogs. The plan by which these pigs are to be given away will be fully explained in these columns later. We want everybody to be interested in these meetings and feel that they will be well worth the time and trouble of attending them. It has not been yet definitely decided as to the place in town where tent will be erected. This will also be thoroughly advertised before date of meeting.

Get Somewhere

Did it ever occur to you what a great idea it would be to owe you something each week or month and pay it to a bank account of your own? Just a few dollars ahead puts a barrier between present prosperity and future needs, and turns all those petty little trouble clouds around with the silver lining out instead of in.

Get somewhere by paying the debt you owe yourself in a Bank Account. You know a bank account carries with it such a comfortable feeling of independence, and gives one a standing in the business community that can come through no other source.

BOOZE IS NOT A GOOD CURE

When a man comes to you all doubled up with pain and declares he will die in your presence unless you procure him a drink of whiskey, send him to a doctor or else give him a dose of Chamberlain's Colic and Diarrhoea Remedy. There is a mistake notion among a whole lot of people that booze is the best remedy for colic and stomach ache.

\$100 REWARD, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the blood on the mucous surfaces of the system thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F.
